Directions: Please answer the following questions on a separate sheet of paper (typed and double spaced). The more information you can give us, the better we will be able to assess whether this is the right program for you. We anticipate that you will need to write several paragraphs to fully answer each question. Be specific.

1. What do you hope to gain from the Teach2Serve program?
2. If you were interviewing someone for this program, what qualities would you look for and why?
3. Think of someone who is not a relative, but who knows you well. If we called this person today, tell us what he/she/they would say about your capabilities in the following areas *and why*:
1) leadership; 2) interpersonal skills; 3) initiative; 4) creativity; 5) social/community involvement
4. If you were given funds to develop a service program that would address a need in your community (within half hour of your home), what is a project that you would be interested in undertaking, what are the first 5 things that you would do to get started, and what are some of the problems that you would anticipate?
5. Please describe some of the community service activities in which you have participated over the past two years. Which activity did you most enjoy and why? If you have not participated in any service activities, discuss and explain why you are interested in doing so now.
